

The Adventure On East Java & Bali

Explore the beautiful landscapes of Bali and East Java on foot or by bicycle. Unique natural landscapes and cultural insights into traditional life awaits you on this journey.

Day - 6 Lovina Area

JAVA: IJEN EXPLORATION (B)

Another early start today: Drive in the area of Paltuding for the starting point of the Ijen Trek. The Trek goes up to the Ijen Crater to see the rare natural phenomena of Blue Fire as well as visioning the traditional sulphur miners on their daily activities getting the sulphur mineral from the bottom of the crater and carry them up to be transported to the closest village. Some unique view can also be seen by the time the sun goes up when the massive walls of the Ijen Craters on that wide natural valley got changing colours suddenly. After one beautiful morning by the summit of the Ijen, you hike back to the car and return to your hotel. In the afternoon, drive back to Bali by crossing the Bali Strait once again by ferry.
