

Tanzania I Safari & Zanzibar Beach Tour

This Tour desires to explore the true essence of Africa's beauty: The brilliant combination of the vast plains of the ancient savannah, the tropical beaches and exceptional culture of Zanzibar as well as getting into the bottom of the World's largest unfolded and unbroken caldera, the Ngorongoro crater, creates an unparalleled experience.

Day - 3 Serengeti National Park

LAKE MANYARA NATIONAL PARK – SERENGETI NATIONAL PARK (B, L, D)

Today, you visit the famous Serengeti National Park – Tanzania's original and most frequented game reserve. The Serengeti is renowned for the annual wildebeest migration and immense wildlife population. Enjoy a picnic lunch on one of the kopjes (rock outcropping) and continue to explore the park. Migration of the herds and the time of year are two factors that influence the availability of the wildlife but you can anticipate encountering wildebeest, lions, elephants, giraffes, zebras, monkeys, baboons, hippos, rhinos, antelopes and many birds and other species. If time permits and you are interested, you can choose to add another optional activity: Visit the Olduvai Gorge, which is a site that holds the earliest evidence of the existence of human ancestors. Paleoanthropologists have found hundreds of fossilized bones and stone tools in the area dating back millions of years, leading them to conclude that humans evolved in Africa.
