

## **Northern Ethiopian Highlands I Nature, Culture, Wildlife & History**

This 11 days tour focuses on community trekking in the Northern Ethiopian Highlands above Lalibela - a true hidden jewel. Discover hordes of Gelada Baboons, the Ethiopian Wolf and much more, while immersing yourself in the way of life of rural Ethiopian Highlander Families.

### **Day - 6 Wodebye Abo**

#### **AD MEDHANE ALEM – WODEBYE ABO (B, L, D)**

After breakfast, start a shorter trek this day passing by tiny Ethiopian farmers huts, many happy and curious children, farmers working on their fields, cows and sheep's crazing freely – to our Abune Yosef Eco Lodge on Wedebye Abo, close to the village called Tigu Kebele. The Tukuls (the traditional Ethiopian round stone/mud huts) are a 15 – 20 minutes' walk away from Tigu Kebele, situated on approx. 4000m. You will have lunch and later on the possibility to walk over to Tigu Kebele, having a coffee, checking out the village, see how the locals work, taking part on their daily things to do. It's a very tiny village. There are only a few traditional huts in which the people live as farmers with their families: no electricity, no machines, all done by hand. You will find yourself taken back in times you might not be able to imagine that it's still existing in this world. It's really something touching and strong seeing this.

**Walking Distance:** 3,8km; **Duration:** 3-4hours
