

Gobi Loop – Southern Mongolia

The coldest desert of the world in summer is surprisingly warm and full of life. Expect amazing wildlife, stunning nature and impressive nomadic life, blending 21st century technology with centuries old nomadic traditions. This trip covers everything the Gobi has to offer, from rocky canyons to steep cliffs, high mountains to flat plains and frozen rivers to flaming cliffs.

Day - 4 Yolin Am

TSAGAAN SUVRAGA - YOLIN AM (B,L,D)

After reaching the national park of Gobi Gurvan Saikhan we make our way to the Yol gorge. The river cutting through the mountain stays frozen deep into the summer, and the valley is teeming with small animals. After a long day of hiking and exploring, we return to our Ger camp.
